

Dear All,

I wanted to share with a free online virtual conference on Theology of the Body from 8th to 10th May. It is being offered by the Theology of the Body Institute in America.

It's a great opportunity during these times where we cannot meet in person to continue to invest in our ongoing formation and help us discover new ways of keeping our faith alive

This is the link to the free registration

I would be grateful if you could please share with your parishioners and contacts.

Many thanks for your continued support.

Best wishes
